CUSTOM OPTIONS

Can't find any option you like? We can work something out! Simply inquire and we will prepare a custom booth according to your specifications. We can help you with historical props, extra helpers, tournament coordinators.

We understand it can be difficult to transport some prints, like stickers, posters or t-shirts. We can help mediate an order in a printing house. In our experience, it is cheaper to print such things locally rather than fly them in.

CONTACT US:

Thank you for your interest in working with GameOn. We understand the Baltic gamer DNA and would like to work with you on making your brand a successful part of this ecosystem.
